

G&L

ESTABLISHED: 1971

G&L supplies Ontario the materials and technology needed for building communities. The companies of G&L provide a variety of raw products and related services to the construction, landscaping and contracting industries including but not limited to salt, soil, ready-mix concrete, aggregates and waste recycling.

G&L's mission is to be the leader in the supply of quality products, innovative solutions and exceptional service to its clients. It is committed to growth through successful partnerships with suppliers, clients and employees.
